"Life Goes By"

If you could see through my eyes
Would you say I
Need corrective lenses or would you say
That the beaten path is a lonely place
It's a big sad face and you're right to say

That the life goes by too fast
Only life goes by too fast
When I look back on my past, I don't want to see
A wasted life

If you could walk in my shoes
Would you say "Dude
I keep getting a blister."
Or would you say
That you've got it made
'cause you're getting paid
For explaining your feelings
And you're right to say

That the life goes by too fast
Only life goes by too fast
When I look back on my past, I don't want to see
A wasted life
