You're getting something
'cause I'm getting something
Right across to you
You're getting something
'cause I'm getting something
Right across to you

The Big Idea
When I see you
Involves no one else
The Big Idea
When I see you
Involves no one else

My head and heart are here for you
And I know you feel it too

You keep believing
And I'll keep believing
What you want to do
You keep believing
And I'll keep believing
What you want to do

The Big Idea
When I see you
Involves no one else
The Big Idea
When I see you
Involves no one else

My head and heart are here for you
And I know you feel it too

The Big Idea
When I see you
Involves no one else
The Big Idea
When I see you
Involves no one else

My head and heart are here for you
And I know you feel it too
