Sun shining on my hands and face
Sun shining as we both embrace
Lips move into the same place
Eyes close into the same space

And that's what I wanna do
And that's what I'm waiting for
Kisses in the sun

Sun shining all around me now
Sun shining floating years from now
We're living in each other now
We're floating in the space allowed

And that's what I wanna do
And that's what I'm waiting for
Kisses in the sun

And I'm still waiting
And I'll keep waiting

And that's what I wanna do
And that's what I'm waiting for
Kisses in the sun

And I'm still waiting
And I'll keep waiting
