Oh no, I did it again  
Don't look now, but I lost a friend  
It might have been me but I think it was him  
Makes me think I never had a friend

You wake up one morning and you're doing fine  
Next thing you know,  
You're saying that it happens all the time  
You wake up one morning and you're doing good  
Next thing you know,  
You're thinking about the things you didn't say but  
should

Oh no, I did it again  
Don't look now, but I lost a friend  
It might have been me but I think it was him  
Makes me think I never had a friend

She wakes up one morning and finally sees  
There's something wrong  
You know it's not the way it was supposed to be  
She falls asleep wondering about the world  
And how it's strange, she didn't want to see the worst  
about the girl

Oh no, I did it again  
Don't look now, but I lost a friend  
It might have been me but I think it was him  
Makes me think I never had a friend

But that's how it goes sometimes  
It's not so great, but you think it's fine  
I can't ignore the signs  
It must be your's because it sure ain't mine

Oh no, I did it again  
Don't look now, but I lost a friend  
It might have been me but I think it was him  
Makes me think I never had a friend
