I hate it when I'm not polite
When I deserved it still not right
So I still wish you better days
Though I dislike you anyway
It doesn't mean I can't be courteous

Excuse and pardon Me

I get uptight and nervous and tense
Small things tend to become immense
I'm just beginning to unwind
So if I seem to be unkind
It isn't really me that's talking

Excuse and pardon Me

My head connected to my heart
And I just can't pull them apart

Although they know each other well
The odds are slim that they will gel
They just don't seem to go together

Excuse and pardon Me
