"Saved"

I am unbreakable but it looks like I could sometime
soon

And you are unreachable about as possible as me
touching the moon

I am unraveling unbearably empty
and if this ground gives way I just hope that you'll catch
me.

You came and saved me tonight
Defending all my life
Whoa, now I'm content with my breath cause I'm alive

And this is the epitome of everything you see in the
movies
And this world is a time bomb ticking and I think I can
stop it if you help me.

I am unraveling unbearably empty and if this ground
gives way I just hope that you'll catch me.

You came and saved me tonight
Defending all my life
Whoa, now I'm content with my breath cause I'm alive

My faith will never rust
No longer to prone bust
Oh finally I believe...

You came and saved me tonight
Defending all my life
Now I'm content with my breath

You came and saved me tonight
Defending all my life
Now I'm content with my breath
Cause I'm alive

Cause I'm alive...
