Sometimes a girl will come and go
You reach for love but life won't let ya know
That in the end, you'll still be lovin' her
But then shes gone, you're all alone

Sign of pain is on my face
Well, my heartbeat stops
But I won't take the blame, no no
I gave her all the love, I had within
My love was strong
Somethin' went wrong, no no

It takes a fool to learn, yes sir
That love don't love nobody
Love, love, love, love, love, love
It takes a fool to learn, yes it does, girl

That love don't love no one
That love don't love no one
It takes a fool to learn
Stop to think about it, well
That love don't love nobody, oh oh no

It takes a fool to learn
When you're down and out, shout about it
That love don't love no more
Tell the world, ooh babe, no more, ohh babe

It takes a fool to learn
Gotta be more careful about myself
That love don't love nobody
It takes a fool to learn
Woah baby, took me a long time to learn, to learn, well

That love don't love no one
It takes a fool to learn
I was a fool, you were a fool
That love don't love nobody
Now we got love, we need love
It takes a fool to learn
