The western world has a common dedication
To keep free people from Red domination
And maybe you can't vote, boy, but man your battle
stations
Or there'll be no need for votin' in future generations
So over and over again, you keep sayin' it's the end
But I say you're wrong, we're just on the dawn of
correction
There are buttons to push in two mighty nations
But who's crazy enough to risk annihilation?
The buttons are there to ensure negotiation
So don't be afraid, boy, it's our only salvation
So over and over again, you keep sayin' it's the end
But I say you're wrong, we're just on the dawn of
correction
You tell me that marches won't bring integration
But look what it's done for the voter registration
Be thankful our country allows demonstrations
Instead of condemnin', make some recommendations
I don't understand the cause of your aggravation
You mean to tell me, boy, it's not a better situation?
So over and over again, you keep sayin' it's the end

But I say you're wrong, we're just on the dawn of
correction

You missed all the good in your evaluation

What about the things that deserve commendation?

Where there once was no cure, there's vaccination

Where there once was a desert, there's vegetation

Self-government's replacing colonization

What about the Peace Corp. organization?

Don't forget the work of the United Nations

So over and over again, you keep sayin' it's the end

But I say you're wrong, we're just on the dawn of
correction

But I say you're wrong, we're just on the dawn of
correction

So over and over again, you keep sayin' it's the end

But I say you're wrong, we're just on the dawn of
correction
