Wait and see, I'm young
I grow each day

Oh, I feel this pointer inside me
I cannot argue with myself

I am not afraid, she's a Jedi too
Oh, I don't believe in anything
Sorry, if I'd known where do Mondays go
You see, I don't believe in anything

So I will complete my training here
I probably should wake me up
Prepare my ship, I'm off
And you should know I won't come back again

I am not afraid, she's a Jedi too
Oh, I don't believe in anything
Sorry, if I'd known where do Mondays go
You see, I don't believe in anything
