Don't stand there wailing "got no place to go"
Come on home
You look at me like that and I can't say no
Come on home

Well, I know you done me wrong
And I know I should be strong
But, I cried the whole night long
So, come on home
Come on home

Tell me baby, must you be so cruel?
Come on home
You treat me just like I'm some kind of fool
Come on home

Well, I know you let me down
I was glad when you left town
But, you're good to have around
So, come on home

Don't run away now
Come on home
You got your way now
Come on home
A-hear what I say now
Come on home
Come on home

When you smile at me well I feel so good
Come on home
I can't be mad at you like I know I should
Come on home
Well you took me for a ride
And I thought my love had died
Still I need you by my side
So come on home
Come on home
Come on home
Come on home
Come on home
Come on home

Yeah, when you smile at me well I feel so good
Come on home
I can't be mad at you a-like I know I should
Come on home
Well, you took me for a ride
And I thought my love had died
Still, I need you by my side
So, come on home
Said yes
Come on home
Sit down
Come on home
Come on home
