I feel like breaking  
With not a thing to do  
Just walk right through this storm

My helpless feeling  
Knowing this  
Not knowing what's in store

I close my eyes  
But I can't escape my mind  
Please help me I'm sinking  
I've been alone inside  
You're the one I waited for  
Fighting off these feelings  
I've been so alone  
So afraid to open the door

I feel like changing  
But I've lost control  
I just can't find my heart  
I thought I was winning  
By burning bridges  
And tearing things apart

I close my eyes  
But I can't escape my mind  
Please help me I'm sinking  
I've been alone inside  
You're the one I waited for  
Fighting off these feelings  
I've been so alone  
So afraid to open the door

So sorry this is not who I am  
Give me time I'll do all that I can  
So sorry you were part of my plan  
(Part of my plan)  
So sorry this is not who I am

Please help me I'm sinking  
I've been alone inside  
You're the one I waited for

Fighting off these feelings  
I've been so alone  
So afraid to open the door

Please help me I'm sinking  
I've been alone inside  
Your the one I waited for  
Fighting off these feelings  
I've been so alone  
So afraid to open the door
