It's a desperate situation  
The kind of disposition that makes  
Me feel so uptight  
I fear the worst is yet to come  
It's night like these that haunt me  
Tie me down and stalk me, memories  
This is interesting, I thought all this was done

And all that time I ran away from my heart

When everything is broken  
It's a choice you make that pulls you through  
Stand up, be real strong  
In the wake of what's been done

Such a cursed imagination  
Thoughts like ammunition, the time has come  
War is beckoning, is it all just in my mind  
The field's been shaped for battle  
I'm not sure what will happen, in my defense  
This is crippling, it's not just in my mind

Oh, it's good, it's all
