What's the matter?
What are you crying for
I'm still outside your house
And I've been thinking
This is for the best
I'm just not sure how

This is ridiculous
I'm starting to stress out

This is not goodbye
Cause it's not over
How I wish we could start this over
All the time you change your mind
Almost every time you say goodbye
This is not goodbye

So get yourself together
Or just walk away I'm just not going to fade
Oh in the middle
I wont waste my time
So change your mind and stay

This is ridiculous
I'm starting to stress out

This is not goodbye
Cause it's not over
How I wish we could start this over
All the time you change your mind
Almost every time you say goodbye
This is not goodbye

Just the sound of your voice
Brings the slightest hope
If I'm still, I almost feel
We're not alone
Tell me it's old

This is not goodbye
Cause it's not over
How I wish we could start this over

All the time you change your mind
Almost every time you say goodbye
This is not goodbye

It's not goodbye
This is not goodbye
It's not goodbye
