#### V1

Feel it comin on, just like the song  
That we played the other night  
Just like they said, with the books youve read  
Pages drift on through the night

#### Pre-Chorus

Never mind it will be alright  
The truth is on your side  
don't let me down, please don't let me down  
Staying up to scratch the ceiling in the sky  
Looking down at all the people passin by...

#### V2

Hear we go again, gaining speed  
Soaring to hights you wont believe  
I wish you luck, my friend as you desend  
Going faster faster babe, you don't want to land...

#### Chours

don't Babe,  
Bring me down, no no,  
don't bring me down,

#### Outro

Feel it coming on now baby (x4)  
Where did things go wrong for me baby (x4)  
Was it jsut another way to make me cry (x4)
