Am I a victim of your childish crusade?  
You took my money, now the wager is paid in full  
That was a favor, what a low blow

You're talking funny, you're acting so strange  
Your opportunities are way out, way out

I tried to run you said, "It's best not to go"  
I asked somebody if the answer was 'yes' you said 'no'  
Get over yourself, leave me alone

Don't act so cool, you've got nothing to say  
Your fuzzy memory is way out, way out

Fading, falling, along I want to remind you  
Oh, fading, falling along I want to remind you

I'm not trying to pull apart  
Your life from the very start  
I don't want to make things worse  
So lose the curse

You hear me ringing, I know that you're home  
You act so tough but you're afraid to pick up the phone  
What is the problem? What can I do?

I'm giving up there's nothing left I can say  
The situation's blown way out, way out

Fading, falling, along I want to remind you  
Oh, fading, falling along I want to remind you  
I'm not trying to pull apart  
Your life from the very start  
I don't want to make things worse  
So lose the curse

I just want to end this fight  
And I don't care about who's right  
I don't want to make things worse  
So lose the curse

And I can't take this any more  
We might not be like before  
Let's not make things any worse  
So lose the curse
