You don't have to run away cause you're ok with me
And you don't have to be afraid cause it's alright with
me
I have only myself to blame
It's a shame, is it true?
All the clues point to me, is it true?
That's not me now i'm through
I would have guessed you would have passed this test
So i confess to all this mess
I know what i've been told and that"s how the story
goes
Everyday people call themselves emo
It's just a bad disguise is it something hidden in their
eyes
It's big surprise, it's a bunch of lies
