WeÂ're not that different and weÂ're not that great,  
It could be you up on the stage.

WeÂ're taking it back, to when it was fun,  
When we first learnt guitar bass and drums.  
You donÂ't need an agent to play some shows,  
You donÂ't need endorsement to wear the clothes,  
We set on our way,  
We went off the track,  
WeÂ're right back on course  
And weÂ're stealing it back.

Look at us, we got it together,  
Our past, our future.  
Get your own piece of the action,  
Start something, cause a reaction.  
Look at you, youÂ're all together,  
Try your best in your endeavours,  
DonÂ't you ever give up on yourself...

...And your friends, who share these ideals,  
The music you play wonÂ't lose its appeal,  
As long as the message is honest and true,  
People will always be good to you.  
So be good to them and the circles complete,  
Like what you want, you don't have to join the elite,  
We set on our way,  
We went off the track,  
WeÂ're right back on course  
And weÂ're stealing it back.

Look at us, we got it together,  
Our past, our future.  
Get your own piece of the action,  
Start something, cause a reaction.  
Look at you, youÂ're all together,  
Try your best in your endeavours,  
DonÂ't you ever give up on yourself!

DonÂ't care what you critics say,  
they won't help you anyway,  
donÂ't take to heart what they renounce,  
your friend's opinion is where it counts.
