When i woke up today  
I wanted to say  
I wanted you to know  
That my answer is no  
And i can't buy you the words  
To show you how much this hurts  
Someone is with you  
That someone's not me  
What were you thinking  
How could you do this to me?  
I want to let go  
To take back all those things i wrote  
So i put on my headphones  
Take me away  
Take me far, radio  
I should have known better  
But i'd already come this far  
So i wrote you a letter  
Please accept, now in effect  
That i don't love you, anymore  
Good-bye
