This is no ordinary kiss
That you planted on my lips
One i wouldn't want to miss
But it's all come down to this
Is my chance to make it right
Say my piece and then goodnight
When you go to sleep tonight
Can i be there at your side
I can't take it anymore
I have to tell you to be sure
I don't want to live without you anymore
This is no ordinary kiss
That you planted on my lips
Never felt like this before
Or knew what was in store
I know you must think i'm crazy
I don't blame you baby
What have we learned?
This has gone far enough
For one whole year i needed you
But you never had a clue
So this is where it ends
And hopefully where we begin
So now what are we to do?
You had no clue
I can't live without you
I'm incomplete
Sense of defeat
