I'm not trying to reinvent  
What you call music  
I just want to write my songs  
And maybe if i'm lucky you will like it too  
Maybe not as much as i do  
But that's ok, it's fine by me  
If you feel you have to be  
The one who calls it in the air  
For all the world to see  
I'm not trying to rule the world  
I'm typing from the glow of my screen  
Pouring out my heart  
And building up what you see as a chance to seem  
As important as the ones that you would  
Die to be, but you just can't seem to be  
As cool as that, so tip your hat  
So for all the world to see  
In your punk rock magazine  
Which itself seems played to me  
Can you answer just one question?  
A vice-versa inquisition  
If i gave you a guitar  
Would you even know where to start?  
If i gave you a microphone  
Would you show us up and send us home?
