An obsession with celebrity,
Has consumed our society.

Everything's media led,
Important words now go unsaid,
Make up cannot hide your scars,
So why paint yourself on the outside.

You think that you, you are beautiful,
You changed you face but you can't hide your soul.

Everything's media led,
Important words now go unsaid,
Make up cannot hide your scars,
So why paint yourself on the outside.

What you want is not what you need,
Kicking screaming to succeed,
From your first cigarette to your last breath,
Adverts, adverts are all that's left.
