Big Blue Diamonds (Mel Street)

Big diamonds
Big blue diamonds
On her finger
Instead of that little band of gold

Big diamonds
Big blue diamonds
Tell a story
Of a love that no one man could ever hold

She wanted more than I had money to bye
So she left me for a stranger I've been told

Big diamonds
Big blue diamonds
Now she traded
For the love behind that little band of gold

Big diamonds
Big blue diamonds
How they sparkle
But what can they do to warm your soul

When you're lonesome in the moonlight and need
some lovin'
Big diamonds big blue diamonds are so cold

She wanted more than I had money to bye
So she left me for a stranger I've been told

Big diamonds
Big blue diamonds
Now she traded
For the love behind that little band of gold

For the love behind that little band of gold
