Well go ahead and call me a country boy  
I couldn't hide it even if I tried  
I'm a country boy from the hills of old Virginia  
Where the country folks got lots of country pride  
Well daddy raised us working in a coal mine  
But mama's love was always by his side  
When things got rough we've just got rough with 'em  
And through it all we've never lost our country pride  
There's never been a better chance in hist'ry  
To make our life a better way to live  
And I think of this and I see blessing  
Because we've never been afraid to give  
Every time I see Ol' Glory wavin' somewhere  
I feel my heart just swelling up inside  
I'm proud to be a country boy from the greatest land of  
all  
And I thank you Lord for all this country pride  
[ guitar ]  
Go ahead and smile when I say you all  
But I see you like your chicken southern fried  
It don't really matter where you come from  
As long as your heart's full of country pride  
Every time I see Ol' Glory...  
I thank you Lord for all this country pride
