My eyes they crave to see you my lips burn to feel your  
kiss

And I know I'm nearest to heaven when I hold an angel  
like this

I need love that lasts forever and not just for a day  
Darling please don't lead me on if we can't go all the  
way

Don't lead me on cause we know the cheating is sin  
And darling please don't tempt me our resistance's  
wearing so thin

Now don't put your arms around me cause you know I'd  
want you to say

And please don't lead me on if we can't go all the way  
[ fiddle + steel ]

I think you've always known how I've been wanting you  
And your lips tell me so tenderly how much you want  
me too

And it could be so easy let temptation have it's way  
And please don't lead me on if we can't go all the way  
Don't lead me on...
