Even if I have to steal your love I want you
Heaven help me my heart is in your hands

When you look at me with your eyes so inviting
Tempting me to cross over the line
That's when I lose control of my conscience
And I'd do anything at all to make you mine

Even if I have to steal your love I want you
And I'll steal you from him if I can
Even if I have to steal your love I need you
Heaven help me my heart is in your hands
[fiddle + steel]
When you're near me I'm like a thief on the corner
Without honor I don't know it's a shame
It's only when I'm alone I feel guilty
My conscience hurts me but I still feel the same
Even if I have to steal...
Even if I have to steal your love I want you
Heaven help me my heart is in your hands
