There's a devil in my body that I just can't satisfy
Other women haunt me even though I love my wife
It's because I really love her I try to save her heart with
life
Oh but I know she knows I can see it in her eyes

I tried to stay at home love only her play with the kids
and watch TV
But my mind becomes unsure bout the kind of love I
need
My reasons for cheating there as good as lies can be
How much more can she stand and still stand by me
[steel]
It's so hard for me to call her I can hardly dial that
phone
I did wrong again last night now I've got to go back
home
She knows that I've lied and she'll cry where I can see
How much more can she stand and still stand by me
How much more can she stand and still stand by me
