"I Found Heaven"

Your sweet lips invite me to heaven's front door
Your arms pull me closer and offer much more
It's easy to find reasons that make it seem right
But darling I found heaven in your arms tonight

In the corner of your eye a teardrop appears
When you suddenly remember we shouldn't be here
These memonets we're stealing we know are right
But darling I found heaven in your arms tonight

Those little guilty feelings just brush them from your
mind
You know how much I love let tonight be yours and
mine
Let me kiss your sweet lips let my arms hold you tight
Darling I found heaven in your arms tonight
[guitar + fiddle]
Those little guilty feelings...
