I got up this morning while I was havin' my coffee  
My woman came in sat right down by my side  
And with a tear in her eye she said I've a confession to  
make you  
And I said woman speak what's on your mind  
She said I found somebody new to take your place  
I said don't feel so all alone I've found someone of my  
own

You know those lonely nights when you left me all alone  
Oh my new love would call and comfort me on the  
phone  
And I said darling if that's the way it's gotta be  
Oh sweet woman don't you worry bout me  
She said I found somebody new...

I got up from the table reached down and wiped the  
tears from her face  
I put out my cigarette I turned and slowly walked away  
She said I found somebody new...  
She said I found somebody new...
