We tried to pick the most unlikely places  
Where no one's out to know us by our name  
And for a while we shared the sweet affection  
That makes it worth the sorrow and the shame

A lovin' on back streets and livin' on main  
Suffered hell through the daylight for the heaven  
darkness brings  
Two hearts in the shadows tradin' passion for pain  
A lovin' on back streets and livin' on main

In the morning when I face the one who owns me  
And she confronts me with some things I can't explain  
Then once again I hate myself for living  
And wonder just how long my mind can stand this  
strain

A lovin' on back streets and livin' on main  
Suffered hell through the daylight for the heaven  
darkness brings  
Two hearts in the shadows tradin' passion for pain  
A lovin' on back streets and livin' on main  
Lovin' on back streets and livin' on main
