Darling we've come a long way together  
And when I needed strenght you were always by my  
side  
And through it all our love just keeps on growning  
stronger  
And wouldn't you say our love's the tried and tested  
kind

Our love's been tested many times without success  
It's been tried every way but we were blessed  
Yes we've had our ups and downs but no hills we  
couldn't climb  
And wouldn't you say our love's the tried and tested  
kind

[ piano ]

Darling sometimes I have to wonder how we ever made  
it through  
Then I have to stop and thank the Lord I found the  
woman like you  
You're my strenght and inspiration and I'm so glad that  
you're mine  
And wouldn't you say our love's the tried and tested  
kind  
And wouldn't you say our love's the tried and tested  
kind
