Our Society

Verse 1,

The game is on where marching down your way  
Stellas armys getting stronger evry day  
Go talk dirty with your friend and make a plan  
Maybe this is madness, but were already there.

Verse 2,

Your what you are and what you choose to be  
The griffins flying high in our country,  
And in the shape of things to come we should be proud  
United and together make a stand and make it loud

Pre-Chorus

And I wonder if you, d ever take the time,  
Your in another world  
Your not in mine

Chorus

Our Society  
Got my eye on you  
High Society!

Verse 3

Slamming down right into breadline days  
Stepping up a gear it time to change our ways  
The credit crunch can knock yer to your grave  
But were made of better stuff my friend  
Patiance always pays

Pre-Chorus

And I wonder if you, d ever take the time,  
Your in another world  
Your not in mine

Chorus

Our Society  
Got my eye on you  
High Society!

Middle 8 Guitar Solo

Chorus  
Our Society  
Got my eye on you  
High Society!
