[V1]

Is it for the love, the sex, the games you play
Is it best if I just go away
No No No
Can't afford to get involved but I really can't resist...

[V2]

Yeah, I trully insist your quite a catch,
And it's hard not to get attached
No No No
Give me another shot for that addictive smile
I need a hit fast

[Chorus]

Feeling a little bit naughty
Your feeling a little bit rude
Feeling a little bit naughty
Come and join meeeee
Sexy Fool
My Sexy Fool...

[V3]

A Fool like me and you is hard to find
I climb the walls, you invade my mind
No No No
Must be a twist of passion that's set within
I just can't win,

[V4]

You lead me round to yours all the time
We chat, we kiss and then we drink some wine,
All of the time

[Chorus x2]

Feeling a little bit naughty
Your feeling a little bit rude
Feeling a little bit naughty
Come and join meeeee
Sexy Fool
My Sexy Fool...
