[Verse 1]

Hey you, don't walk away from me  
The days too long without your smile,  
Babe, wipe that tear dry for me  
Take it easy kidd, and don't let it slide

[Pre Chorus]

Ohhh every body lays rose petals on the floor  
Just incase you fall  
And the tulips in the park stand up and salute  
When your name is called

[Chorus]

Your the reason the sky is blue  
And the sun shines for you

[Verse 2]

Hey you, don't take your life from me  
I see an angel when your winking your eye  
Baby littlewing you take you take flight for me,  
Take the dark clouds right out of my sky.

[Pre Chorus]

Ohh, when they see you flying in the astral plane  
Re-hanging a miss guided star  
You can tell them to relax, it's ok, it's true  
It's You, it's the way you are

[Chorus]

Your the reason the sky is blue  
And the sun shines for you

[Instrumental]

[Pre Chorus]

Ohhh every body lays rose petals on the floor  
Just incase you fall
