The way shes switching up her style (I, I, I like it)  
And when I wink I make her smile (I, I, I like it)  
The way shes craving my attention (I, I, I like it)  
And when she looks in my direction (I, I, I like it)

I ain't all about doing shots of patron  
Cause I get tipsy when I look at you, your getting me  
gone  
If you start a little closer from the end of the bar  
Why don't we start a conversation about how pretty you  
are

I like it like that (like that, like that, oh)  
I like it like that (like that, like that)  
I like it like that (like that, like that, oh)  
I like it like that (like that, like that)

And I don't drink  
But I'm feeling this thing  
When your hairs done up in ponytails (I, I, I like it)  
Fancy designs on your fingernails (I, I, I like it)  
The way that dress looks so expensive (I, I, I like it)  
Baby girl I like them new extension (I, I, I like it)

I ain't all about popping ?drinks? in the club  
?But I'm intoxicated by us that's all I'm thinking of?  
If you start a little closer at the end of the bar  
Let me whisper a little secret to your ear  
(I like it like that, like that, like that, like that)

I like it like that (like that, like that, oh)  
I like it like that (like that, like that)  
I like it like that (like that, like that, oh)  
I like it like that (like that, like that)

Not used to this  
???  
?Shetys? my favorite drink  
Shes sweeter than a margarita  
She good with that  
She good with ???

Cant walk straight when I see her oh  
Ticket when she comes  
Yeah shaking ??? don't matter  
I'm thirty for her, ??? for her  
Like its happy hour

I like it like that (like that, like that, oh)  
I like it like that (like that, like that oh)  
I like it like that (like that, like that, oh)  
I like it like that (like that, like that)

I like it like that (like that, like that, oh)  
I like it like that (like that, like that oh)  
I like it like that (like that, like that, oh)  
I like it like that (like that, like that)

I like it like that (like that, like that)  
I like it like that (like that, like that, oh)  
I like it like that (like that, like that)  
I like it like that (like that, like that)
