Can I come over tonight?

Can I come over tonight?

What do you think I wanna do?

That's right

Can I come over tonight?

I say we will have a real cool time tonight

I say we will have a real cool time tonight

I say we will have a real cool time tonight

I say we will have a real cool time tonight

I said we will have a real cool time tonight

I said we will have a real cool time

We will have a real cool time

A real cool time tonight
