The war has just begun  
From the grave we have come  
Risen to bring destruction  
Upon all things God created  
The glory shalt be won  
Your kingdom will crumble  
Our paradise shalt reign supreme!

Demons arise  
Angels cry  
Demons vengeance  
Angels bleed  
Demons Hatred  
Angels die  
Battle to death  
Burning the heavens

Slaughtering of Christians  
The blood shalt set us free  
With axes and with swords  
We are storming heaven's walls  
We are calling out  
To all riders of the storm  
Stormrider reigns supreme

Together we stand  
Together we fight  
Brothers in arms  
United we are  
Soldiers of the storm  
Burning the Heavens!
