[The Oracle:]

Forbidden towers,
Now his soul it has become
His cries were heard by silence...
...and in silence promises were told

[Alioth:]

In the morning's cold wind,
Kneeling down he sees his end,
But one second just before nightfall
Deep Winter comes

[The Oracle:]

She whispers silence,
Sweet cyanide in her lips,
She cries alone in darkness...
...a covenant between earth and sky

[Alioth:]

Like a silvered circle
Death won't come to free her pain,
But one second just before nightfall
Deep Winter comes

[Bariel:]

Never again I'll be embraced by Deep Winter
Never again, I will die for her
Never again, In my heart is Deep Winter
Never again Deep Winter will come

Winter watch me crying,
Your coldness seal my scars
No silver tears are falling,
Never, no, you will not come

If my soul is dying,
If my mind expires,
Let me see her beauty
Wired to your skies again...

[Criseida:]

No pure skies again
No silent winds will reign
No forests covered by rain
No more
Won't come

[Bariel:]

So come again, Deep Winter, by my hand
I'll be the Lord of Sorrow
So come again, Deep Winter, by my hand
I'll be the Lord of Sorrow

Never again I'll be embraced by Deep Winter,
Never again, I will die for her
Never again, in my heart is Deep Winter,
Never again Deep Winter will come
