[Act II]

[Bariel:]

Searching Inside
For answers now hidden
All I can find is frozen

This Autumm mist
Surrounds me with dark hands
Cruel battlefields, once gardens

Beneath this coal sky
I'll face my fate

[Alioth:]

Fight in the name of time
On the wings of the storm you ride
You'll be one with your destiny

Fight in the name of time
All you know must be left behind
And let time be the avenger... The Avenger

[Bariel:]

Over this land
The wolves, they're crying
All I can find is Silence

Time, It's the war, It's the never defeated
It is my guide Forever

Beneath this coal sky
I'll face my fate

[Alioth:]

Fight in the name of time
On the wings of the storm you ride
You'll be one with your destiny

Fight in the name of time
All you know must be left behind
And let time be the avenger... The Avenger
