The Windhunter remembers the stormrider's call
And the grief of his people, who scream his name
begging for help:

"Yeah... Windhunter!!... Please fight by my side..."
"Windhunter"

[Denuvian:]

You're marching so proud now,
But your crimes awoke my inner fire
My people has suffered for so long
And now is the time you'll pay the price

'Cause I'm the one
Who'll make you fall
Revenge divine
I promise it will be mine
My land is bleeding
Its soil is broken-down
Rise unforgiving!

At the end of my life
Pain has gone, I know I won't return
In the last of my days
In the Styx you'll fall I swear it

At the end of my life
Lone I walk, I know I won't return
In the last of my days
In the Styx you'll fall I swear it... by my side

Jet-black, my spirit and my banner
Black is my sword
To rip your black soul

Too late I've found
How wrong I have been
In vain my mind searched
For a weapon, a blade,
Now I know that blade... is me

"Yeah... Windhunter!!... Please fight by my side..."

[Denuvian:]

At the end of my life
Pain has gone, I know I won't return
In the last of my days
In the Styx you'll fall I swear it

At the end of my life
Lone I walk, I know I won't return
In the last of my days
In the Styx you'll fall I swear it... by my side

"Hunter! Windhunter!"
