If I throw away  
All the garbage in my life  
Happiness, will come  
To me

If I throw away  
Every problem  
Every pain, will be  
Undone

[Bridge]  
It would be  
So easy to clean the slate  
You could be  
So easily erased

[Chorus]  
I think I'll just get in the car and  
Drive  
One hundred thousand miles  
Leave everything behind  
Unwanted

If I leave you standing there  
Throw away all my cares  
I would paint, a picture  
The perfect vanilla sky  
I would paint a picture and then  
I would step inside  
So nothing could touch me there

[Bridge]  
It would be  
So easy to clean the slate  
You could be  
So easily erased

[Chorus]  
I think I'll just get in the car and  
Drive  
One hundred thousand miles

Leave everything behind  
Unwanted

I think I'll book a flight  
One-way ticket out  
Put you out of my mind  
Forever, now  
Unwanted

Unplug (unplug!)  
Detach (detach!)  
I'll remove  
Uproot

I'll unplug  
Detach  
I'll remove, I'll remove  
Every stain of you

I know I'm better off without you  
I know I'm better off without you  
I'm better off without you  
I know I'm better off without you

I wonder for a moment  
Will I ever cry  
A tear for you my dear  
And all I left behind  
The life  
Left  
Unwanted...
