(Jerry Chesnut)

I look up and there you stand before me  
Looking so surprised at what you see  
Did you really think I'd be the same without you  
And stay the way that you remember me.

I had reasons for resisting all temptation  
And the reason's standing right before me now  
And I hope you'll take into consideration  
That I'm getting by the best way I know how.

All the empty bottles on the tables  
And I seldom even shave or comb my hair  
No I didn't drink so much that I'm not able  
It's just that I'm not going anywhere.

Seeing me like this I hope you won't feel guilty  
And don't blame yourself for what I'm doing now  
I'm just right back where I was before you met me  
And I'm getting by the best way I know how.

And I'm getting by the best way I know how...
