Charlie's some where in the bar
And this time he's gone to far
'Cause she loves him still she's givin' up the fight
While he's spreadin' on the charm
With a new love on his arm
I'll be helping angel make it through the night.

Chorus:

And I'm holding, Charlie's angel tonight
I'm in heaven while I'm holding her tight
Charlie acted so unwise, walking out on paradise
And I'm holding, Charlie's angel tonight.

Charlie thinks his game is cool
But he's the picture of a fool
Giving up what most men dream of all there life
He'll wake up but much to late
And find his angel couldn't wait
And I'm holding Charlie's angel, tonight.

Chorus:

And I'm holding, Charlie's angel tonight
I'm in heaven while I'm holding her tight
Charlie acted so unwise, walking out on paradise
And I'm holding, Charlie's angel tonight.

Yes, I'm holding Charlie's angel tonight...
