(Mel Tillis - Wayne P. Walker)

Hang my picture in your heart dear
While I'm many miles away
And hang on me when you get lonely
And I'll come back to you someday.

I'll come back with arms to hold you
Lips to kiss your cares away
Hang my picture in your heart dear
And I'll come back to you someday.

--- Instrumental ---

Hang my picture in your heart dear
As sure your sweet love start to stray
Just think of me and how I love you
And I'll come back to you someday.

I'll come back with arms to hold you
Lips to kiss your cares away
Hang my picture in your heart dear
And I'll come back to you someday.

And I'll come back to you someday...
