(Mel Tillis)

I keep looking back over my shoulder
But the footsteps of a fool is all I see
I keep looking back over my shoulder
Hoping someday I'll see you smile and looking back at
me.

Makes no difference now who was right who was wrong
I can't go home now I've been away too long
I keep looking back over my shoulder
Hoping someday I'll see you smile and looking back at
me.

--- Instrumental ---

I walk along now on this road of regret
And the miles between us haven't let me forget.

And I keep looking back over my shoulder
But the footsteps of a fool is all I see
I keep looking back over my shoulder
Hoping someday I'll see you smile and looking back at
me...
