(Ronald McCown)

Yes, I talked about you all over town.

I said I'd never talk about you when you left me  
That my friends would never know that you were gone  
That I would never talk about the way things happen  
'Cause I don't guess that I could say you were wrong.

But I'd like to be the first one to tell you  
All about the stories going round  
And I guess I broke my promise to you  
'Cause I talked about you all over town.

I've told everyone how much I still love you  
That you're the sweetest love I ever known  
I didn't give all the reasons why you left me  
But I did say that I wish you'd come back home.

Well I never said one bitter thing about you  
'Cause you've done nothing wrong from me to put you  
down  
But a promise is a promise and I broke it  
'Cause I talked about you all over town.

Yes, I talked about you all over town...
