(Harlan Howard)

If she seems cold and bitter I beg of you  
Just stop and consider all she's gone through  
Don't be quick to condemn her for things she might say  
Just remember life turned her that way.

She's been stepped on and walked on so many times  
And I hate to admit it but that last footprint's mine  
She was crying when I met her she cries harder today  
So don't blame her life turned her that way.

She's been stepped on and walked on so many times  
And I hate to admit it but that last footprint's mine  
She was crying when I met her she cries harder today  
So don't blame her life turned her that way...
