(Jerry House)

Live in my heart  
Pay me no rent  
Live in my heart and wonder  
Where loneliness went.

There's a room built for you  
Why don't you move in today  
You'll be warm in my arms  
And no harm will come your way.

Everything you'll ever need  
Will always be at the door  
And your love will be enough  
To keep you up forever more.

Live in my heart  
Pay me no rent  
Live in my heart and wonder  
Where loneliness went.

If you're just off the mood  
I will prove my love someday  
And I will show my feelings  
An' you will know it everyday.

If we ever get together  
You will never move away  
Here's my heart take it sweetheart  
It's sure apartment move in today.

Live in my heart  
Pay me no rent  
Live in my heart and wonder  
Where loneliness went...
