(Kent Westberry - Hal Harbour)

I thank you for sunshine that you put into my skies
I thank you for the love light that's shining in my eyes
And for the thoughtfulness you put in everything you
do
Oh, but most of all I wanted to thank you for being you.

I thank you for the babies that brighten up my life
I love you for the way you've been a lovin' faithful wife
And for all the happiness we known and good times we
been through
Oh, but most of all I wanted to thank you for being you.

I know God would want an angel in his heaven just like
you
And for lending me your love sweetheart I want to
thank him too.

I thank you for the tender ways you show me that you
care
And when I feel the need for you I know I'll find you
near
I thank you for a thousand things that keep me close to
you
Oh, but most of all I wanted to thank you for being you.

Yes, most of all I wanted to thank you for being you...
