(Ken McDuffie)

She walks through the kitchen as the darkness of dawn  
starts to fade  
Smiling and singing fresh as the coffee she's made  
She wakes so gentle the kiss of good morning  
sunshine  
Oh what a lover my baby's mother she is that woman of  
mine.

Always she tells me our love is all of her world  
Last night I was a gypsy she was my wild dancing girl  
A Sunday school lady Lord I'll tell you she's fine  
My day by night flyer my green stamp buyer  
She is that woman of mine.

That woman of mine, she's all of my own  
And all that I'm needing I find there at home  
A lady my lover a friend all of the time  
Her love is showing and keeps me going  
She is that woman of mine.

--- Instrumental ---

That woman of mine, she's all of my own  
And all that I'm needing I find there at home  
A lady my lover a friend all of the time  
Her love is showing and keeps me going  
She is that woman of mine...
