Come on and write write write me a letter send that  
letter by mail  
Send that letter in care of the Tupelo County jail

Come on and wish me the best of love dear there's no  
one to go my bail  
There's never been a place so lonely as the Tupelo  
County jail  
Fill that letter full of kisses gonna have me a ball  
Cause baby kisses on paper are better than no kisses  
at all  
Come on and write write write me a letter...  
[ piano ]  
Fill that letter full of kisses...  
Come on and write write write me a letter...  
Tupelo County jail Tupelo County jail
